To Whom It May Concern:

RE: The Stanz Pedestal Endorsement

Dyck Insurance has been in business for over thirty years offering various general insurance products to Albertans. We have had an opportunity to review a new and innovative product that will be beneficial to minimize risk and reduce losses for all policyholders and Insurance Companies in the Canadian marketplace.

The Stanz Pedestal, as can be witnessed in their website video, will reduce automobile collision losses as well as third party property damage claims.

Our company fully endorses this product and encourages building owners who wish to protect their property to take a look at the “The Stanz Pedestal”.

Yours truly,

Rob Dyck  
Owner/Broker  
Dyck Insurance Agency (Wetaskiwin) Ltd.
